

# DIGITAL TRANSFORMATION JUMP START PROGRAM™

## VALUE PROPOSITION:

Save the high cost of full-time consulting support by enabling your team of business and technology experts to learn while doing, as they co-create your Digital Transformation Plan with guidance and support from us.

## GOALS:

- To "jump start" the organization's Digital Transformation Planning process;
- To provide needed guidance to the organization's team of experts so that they can co-create and deliver a 1st-Cut Digital Transformation Plan that meets the organization's long-term strategic needs.

## PARTICIPANTS:

- This program is intended for Digital Transformation teams comprised of both business and Information Technology (IT) professionals.
- However, if an IT Planning organization already exists, staff members may be appropriate participants.

## OVERVIEW:

This intensive, packaged consulting program is intended to help the *Digital Transformation team*, comprised of **YOUR business and technology professionals**, develop *your organization's first-cut Digital Transformation Plan*.

It employs *Indispensable Consulting's* proprietary six step **Digital Transformation Planning Methodology™** that leads the team in the creation of a Digital Transformation Plan.

Not to be confused with training, this program uses information provided by participants to **co-create a Digital Transformation Plan** for you.

WE DO IT WITH  
YOU, NOT TO YOU

James M. Kerr,  
Founder
